DETAILED ACTION

Request for Continued Examination

The request filed on 10/6/2003 for a Request Continued for Continued Examination (RCE) under 37 CFR 1.114 based on parent Application No. 09/547,088 is acceptable and a RCE has been established. An action on the RCE follows.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edwin H. Keusey on 11/3/2003.

The application has been amended as follows:

Cancel claims 58, 59, and 61-79.

Allowable Subject Matter

Claims 17, 18, 20, 22-27, 29, 30, 32, 33, 35-37, 39, 40, 43-46, 48, 49, 51, 52, 54, 55 and 56 are allowed.

The following is an examiner's statement of reasons for allowance: The available cited prior references differ from the instantly claimed because the applicant's method infuses a photochromic dye into an optical lens by dissolving a plasticizer and

photochromic dye in an aggressive solvent. Furthermore, the aggressive solvent does not affect the transmissivity of the plastic lens.

Thus, it would not have been in the preview of the skilled artisan to produce the optical plastic lens or practice the method of making it, since none of the references cited teach or suggest a an article or method which infuses a photochromic dye into an optical lens without affecting the transmissivity of the lens.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
